As an innovator, educator, life advisor, and author,

he shapes the lives of men and women around the world.

Gary emboldens individuals to impact the world by sharpening natural talents. Outside of his learning and development programs for individuals / organizations, Gary believes you can make your pain, your pathway towards your psychological promotion. Where you are no longer haunted by who they said you were, vs who God has called you to be.

## **"PROGRAMS"**

### **Program #1. "Key Strategies for Mental Transformation."**

Gary's keynotes and workshops are springboards for individuals / organizations. These sessions span topics of self-esteem, leadership, bullying, how to effectively communicate and personal development.

All grounded with tangible strategies to equip you / your team well into the future. Attendees will be inspired to take quick action to harness their talents, assess their impact, and make a difference in their professional and personal growth.

Gary has the tools to teach you. He'll help you create a new avenue of thinking, no longer will you be held hostage to those secret issues that burn inside your psyche, that you've probably told no one about. The mental transformation program teaches you ultimate perspective. You'll learn the top three strategic ways to align your thinking with your purpose.

### **Program #2. "Understanding True mental Leadership." ( how to lead effectively )**

The best leaders are the ones who lead differently. Gary's true mental leadership program was created to solve a problem: help individuals get out of the past and think like a leader of the future.

You'll develop an enhanced sense of perspective, understand where you shine, and learn how to lead without a title to create effective change.

You are the director of your personal narrative. You have the power to reposition your team, your company, and your life by leading

in a style that's uniquely you.

By the end of this presentation, participants will uncover their inner strengths to reach new heights. For business leaders who are ready to take their company into tomorrow.

**Program #3. "Y.O.U!" ( You Own U )**

Nobody has greater permission over you, than Y.O.U!

Gary's role is to help you grab the steering wheel of life and focus exclusively on you, and not on people that only use Y.O.U!

You'll be given a psychological tour, where you'll sight-see all your successes and failures. Why is the Y.O.U Journey so important?! Because most of us are programmed to focus on our failures, which inevitably drown out us focusing on our successes.

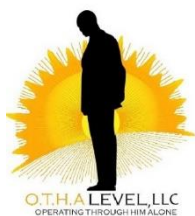

You are extremely hard on Y.O.U, that's why Y.O.U can't achieve all the things you'd like to achieve. Y.O.U have locked yourself up in a psychological prison, and don't know how to get out! Gary's worked with hundreds of clients who suffered from this same problem.

Y.O.U are not alone, unless you choose to be!? Help is just one click away. The choice is yours: Be average—or dare to be Y.O.U.

**Program #4. "Bent but Not Broken." ( responding to pain )**

Bent but not broken, shaken but not shattered, discouraged but not defeated, damaged but not damned, pressed hard but not hard pressed. Gary teaches that pain is subjective. People respond to pain in different ways, and for the most part there is no right way to respond to pain. But, there is a right way to process pain. Want to really know more?! Then this is the program for Y.O.U.....Sign up and let's chat.

Sincerely, Gary R. Smith
